Curved Vertical Drape

Do you have a Bay window?

You can have a vertical drape which operates smoothly and reliably with **Curved Decomatic Vertical Drapes**.

When retracted **Curved Decomatic Vertical Drapes** are almost "not there". **Curved Decomatic Vertical Drapes** will follow the shape of your window and stack out of the glass area for the uninterrupted view that you want.

Curved Decomatic Vertical Drapes are available in a range of fabric styles and colours.

Choose from Standard Chain and Cord operation or full electric control over tilt and stack. Electric control is only available from Barter Blinds or its agents.

Standard chained weights to control the drape of the fabric or optional "chainless weights" for the clean, minimalist look.

Style and Elegance – **Curved Decomatic Vertical Drapes**
